

The Aceti 108, 109 & 110 abrasive wheel grinder and polisher are heavy duty machines designed for the rigors of a production environment. The units have low voltage controls. Supplied with cabinet stand for handy storage. Both sides of the machine are fully guarded with eye shields. Polisher uses parallel shafts for safety.

| Specification – Art 108                     |                    |
|---|--------------------|
| Motor (twin speed) (415v)                   | 1.1 kW             |
| Motor Speed                                 | 1400 & 2800 rpm    |
| Grinding Wheel Size                         | 200 x 25 mm        |
| Maximum mop / polishing wheel size Ø x bore | 200 x 20           |
| Noise in average working conditions dB (A)  | 70                 |
| Overall dimensions (width/depth/height)     | 610x 850 x 1200 mm |
| Net weight Kg.                              | 115 Kg             |

| Specification – Art 109                     |                     |
|---|---------------------|
| Motor (415v)                                | 1.5 kW              |
| Motor Speed                                 | 1400 rpm            |
| Grinding Wheel Size                         | 250 x 30 mm         |
| Maximum mop / polishing wheel size Ø x bore | 250 x 25 mm         |
| Noise in average working conditions dB (A)  | 70                  |
| Overall dimensions (width/depth/height)     | 610 x 900 x 1200 mm |
| Net weight Kg.                              | 120 Kg              |

| Specification – Art 110                     |                     |
|---|---------------------|
| Motor (415v)                                | 1.8 kW              |
| Motor Speed                                 | 1400 rpm            |
| Grinding Wheel Size                         | 300 x 35 mm         |
| Maximum mop / polishing wheel size Ø x bore | 300 x 30 mm         |
| Noise in average working conditions dB (A)  | 70                  |
| Overall dimensions (width/depth/height)     | 610 x 900 x 1200 mm |
| Net weight Kg.                              | 130 Kg              |

**Optional** - Small built in extractor (as shown)
