

Optional SQT Work Rest

The Aceti ART 127 is a Platen style abrasive belt linisher and polisher. The belt arm can be orientated for the optimal working position and is fully guarded. The linisher can be used on the contact wheel or the platen so is very versatile.

The polishing head uses a parallel shaft with spacers for safety.

The machine is mounted on a useful cabinet stand.

Low volt controls and DC injection braking are supplied as standard.
