The Aceti Art 132, 133 and 134 are a range consisting of a bench grinder, bench polisher and a combination bench grinder and polisher. All are very robust machines with the option to add either a cabinet stand or extraction stand as well as a small inverter to control the speed if needed. All units have a 1.1kW motor and are fully guarded with adjustable work rests where required. Extraction points are fitted to all guards.
