

The Aceti ART 26 is a robust abrasive disc and polishing machine mounted on a useful cabinet stand. The twin speed motor allows for more control especially when using the polishing side of the machine.

The disc sander takes a 400mm disc and due to the solid backing disc there is no give behind the sanding disc allowing for good levels of flatness to be achieved easily. Fully adjustable work rest from 0-90 degrees included.

The polisher has a 25mm parallel shaft with retaining plates and nuts for safety. The unit is supplied with low voltage controls and DC injection braking.

Specification	
Motor (Twin speed)	1.8 kW
Motor Speed	1400 & 2800 rpm
Disc Size Ø	400 mm
Disc Worktable Size	450 x 230 mm
Polishing Consumable max dia	250 mm
Noise in average working conditions dB (A)	70
Overall dimensions (width/depth/height)	600 x 1000 x 1300mm
Net weight Kg.	120 Kg

### TECHNICAL DESCRIPTION

- Robust 400mm abrasive disc machine.
- Extraction Points at Rear.
- Orientable Work Rest.
- Optional internal dust extraction system.
