

The Aceti ART 36 is a single machine running 2 different tasks. A chamfering machine on one side and a polisher on the other. The machine comes on a cabinet stand with low voltage electrics and DC injection braking.

| Specification | |
|--|-----------------|
| Motor (Twin speed) | 2.5 Hp |
| Motor Speed | 1400 & 2800 rpm |
| Maximum Chamfer | 0 – 6mm |
| Angle Range | 15 – 45 degrees |
| Cutting tool diameter | 80 mm |
| Feed table size | 500x80x100mm |
| Maximum Polishing mop Ø | 250mm |
| Polishing Mop Spindle | 25mm |
| Noise in average working conditions dB (A) | 70 |
| Overall dimensions (width/depth/height) | 600x700x1600mm |
| Net weight Kg. | 95 Kg |

TECHNICAL DESCRIPTION

- **Chamfering Machine**
- The machine has been specifically designed to perform chamfering tasks on all types of metal sections. Flat, box section etc.
- This machine uses a wheel loaded with 10 TCT cutters to perform this task
- Minimum effort required from the operator for the operation
- Guarded when not in use.
- The polishing side is ideal for those every day polishing tasks, with the twin speed motor making very useful for the more delicate jobs. Has 25mm parallel shaft for safety.
