

The Aceti Art 58 is a heavy duty twin motor, twin telescopic arm abrasive belt linisher designed for use on the contact wheel. The twin motors allow for independent use of each arm allowing for 2 different operation to be carried out simultaneously with belts able to run at different speeds.

The arms can be orientated for the optimal working position and are fully guarded.

The machine is mounted on a useful cabinet stand.

The Art 58 can use contact wheels from 50 to 100mm wide. (Wheels supplied to your choice of width)

Low volt controls and DC injection braking are supplied as standard.

Specification	
Motor (Twin speed) x 2	4.4 kW
Motor Speed	1400 & 2800 rpm
Contact Wheel Size (Ø x Width)	250 x 50-100 mm
Abrasive Belt Size	50-100 x 2500 – 3000 mm
Noise in average working conditions dB (A)	75
Overall dimensions (width/depth/height)	600 x 1670 x 2200 mm
Net weight Kg.	365 Kg

TECHNICAL DESCRIPTION

- 2 x telescopic arms capable of using belts from 50-100mm wide.
- 2 motors with independent controls
- Orientable Belt Grinding Heads.
- Extraction Points at Rear.
- Optional Inverter for belt speeds from 0150 – 3000 rpm
