

The Aceti Art 71 is an independent twin motor polisher. The twin motors allow for independent use of each side of the machine allowing for 2 different operations to be carried out simultaneously with the polishing heads running independently.

The polishing heads use parallel shafts with spacers for safety,

The machine is mounted on a useful cabinet stand.

Low volt controls and DC injection braking are supplied as standard.

Specification	
Motor (Twin speed) x 2	4.4 kW
Motor Speed	1400 & 2800 rpm
Mop size Maximum	300mm (35mm bore)
Noise in average working conditions dB (A)	73
Overall dimensions (width/depth/height)	600 x 1600 x 890mm
Net weight Kg.	250 Kg

TECHNICAL DESCRIPTION

- 2 motors with independent controls
- Extraction Points at Rear.
- Optional Inverter for belt or mop speeds from 0-3000rpm
- Optional slow speed motors available 700-1400 rpm
