

The Aceti Art 172 & Art 173 Single ended polishing lathes are extremely robust machines with twin speed motors and DC injection braking. They have a parallel shafts as standard. An optional inverter is available for these machines that will allow the units to run between 150 & 3000 rpm. Lockable stop to prevent unauthorised use. Full guard with extraction port and eye shield included.

Specification	Art 172	Art 173
Motor (Twin speed)	5.5 Kw	
Motor Speed	1400 & 2800 rpm	
Maximum Consumable Size	400 mm Dia x 35 mm Bore	
Noise in average working conditions dB (A)	72	
Machine Orientation (Guard Position)	Right Hand	Left Hand

- Low voltage electrical controls with built in motor braking
- Full floor standing guard.
- Extraction Point at Rear
- Optional Speed Inverter (150 – 3000rpm)
